Middle School Magnet Programs

Design and Technology Academy - Provides a small learning community and rigorous curriculum. Curriculum focuses on computer coding, programming, and information technology. High school emphasis is on Architecture, Computer Science, Visualization, and Scientific Research.

Krueger School of Applied Technologies - An all-around rigorous Pre-Advanced Placement (Pre-AP) program that uses Aerospace Science and Technologies as its theme. Instructional units incorporate STEM with an emphasis on teamwork, problem solving, and improving communication skills.

Science, Technology, Engineering and Mathematics Academy - This small, diverse learning community at the middle and high school levels is united by a common interest in the significant issues of science, technology, engineering, and mathematics.
